## JONATHAN SUPPORTING FAMILIES

The Importance of strong families can longer be ignored. They provide the stability, warmth and love we need to flourish as human beings, and the relationships they foster are the bedrock on which society is built. Labour's complacent attitude to commitment has done untold harm, and their narrow approach ignores the importance of strengthening the relationships between all family members – children, parents, grandparents and the wider family. As a consequence, Britain is one of the least family-friendly countries in the developed world. This will change with a Conservative government. We will not be neutral on this. Britain's families will get our full backing.

Jonathan Evans, Local Conservative Candidate, agrees with this and added "Good parenting makes a big difference to our future – the warmth of parenting is as important to a child's life chances as the wealth of their upbringing. Money does of course matter, which is why a Conservative government will help families with their finances."

**We must also help families with the other pressures they face: lack of time, the impact of work, worries about schools and crime. And if we want to give children the best chance in life the right structures need to be in place: strong and secure families, confident and able parents, an ethic of responsibility instilled from a young age."**

## ROAD SAFETY SCHEME

The County Council has began work on a road safety scheme comprising of the re-allocation of carriageway space of Newport Road. The scheme will involve the introduction of mandatory cycle lanes in both directions and a central hatched area.

This scheme will provide two uncontrolled pedestrian crossing facilities, two sections of formalised parking bays on the northern side of Newport Road, the modification of the junctions of Old Newport Road and Vaendre Lane and the introduction of spiral road markings to the Cypress Drive roundabout.

Unfortunately disruption is likely to occur but every effort is being made to keep this to a minimum. Due to the nature of the work some evening or night time work may be necessary.

This scheme will improve safety and traffic flows and modification to the kerblines at the junction of Newport Road and Old Newport Road will improve safety for pedestrians crossing the road.

There have been reports of traffic tailbacks as a result of these ongoing works but once the work is completed it is anticipated that traffic will flow freely.

# JONATHAN AND THE CONSERVATIVES TACKLING THE ECONOMY

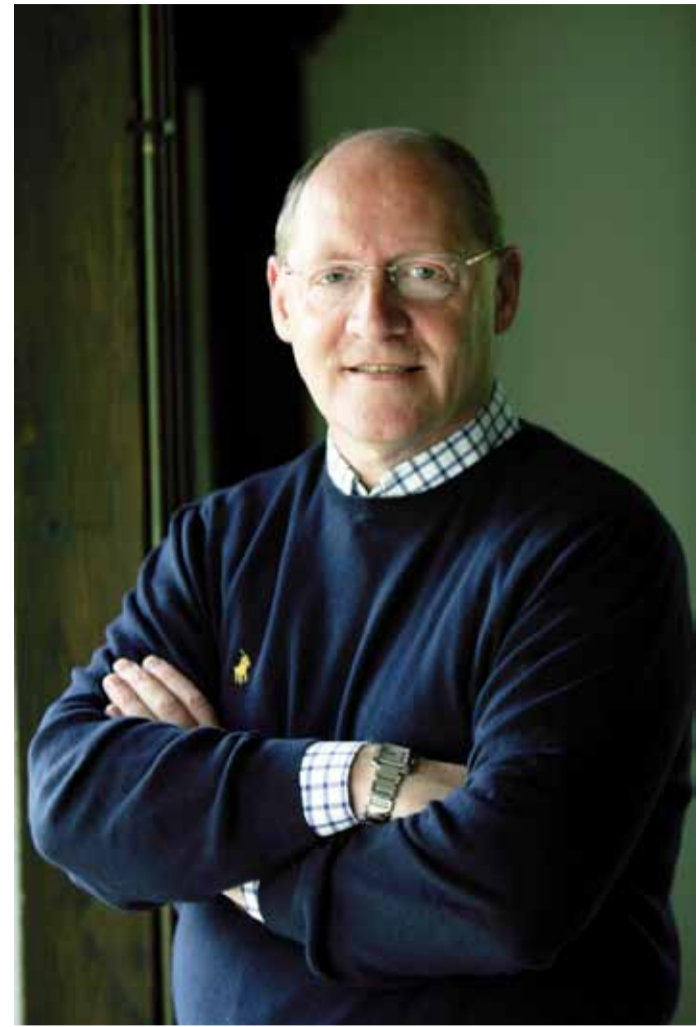

Under Labour, Britain is stuck in the longest and deepest recession on record. We face the largest budget deficit of any major economy, and national debt soaring to £1.5 trillion. We have had the largest bank bailout in the world, and one in five young people can't find work.

A Conservative government will take three key steps to rebuild our broken economy:

- **First, we still face a credit crunch. We need to get banks lending again. For over a year, we have been calling for a National Loan Guarantee Scheme to underwrite bank lending to businesses.**
- **Second, we face a debt crisis. We have been honest about the need to tackle Labour's debt crisis, and set out some of the tough choices we will make.**
- **Third, we face a jobs crisis. So we need a plan for growth. We will abolish all tax on jobs created by new companies for two years.**

Britain has the resources, people, ingenuity and ideas to get us out of recession. We just need a government that will help, not stand in the way.

**Jonathan Evans, Conservative Candidate said "Unlike Gordon Brown's Labour Party, the Conservatives have been honest about the scale of Labour's debt crisis and have set out some of the tough measures we will take to tackle the deficit. These measures could all be implemented without harming frontline public services, and show how the burden of dealing with Labour's debt crisis should be shared fairly."**

To help struggling families and businesses we will:

- **Freeze council tax for two years by reducing unnecessary Government spending on consultants and advertising.**
- **Abolish tax on new jobs. We will abolish tax on the jobs created by new businesses in the first two years of a Conservative Government. Any new business started in the first two years of a Conservative Government will pay no Employer National Insurance on the first ten employees it hires during its first year.**
- **Take first-time buyers out of Stamp Duty. We would help first-time buyers facing higher mortgage costs.**
- **Make only millionaires pay Inheritance Tax. We will raise the Inheritance Tax threshold to £1 million.**
- **Reduce Corporate Tax and Tax on Small Businesses.**
